

smilezone™

"When your child is sick you feel completely helpless and worry that there is nothing you can do to give them comfort. My son has been hospitalized for the past 7 months. Smilezone was the first place I heard him laugh since his diagnosis. It gave him a reason to smile and a place to play again."

MARK [Smilezone Parent]

EVERY CHILD DESERVES TO smile

WHAT WE DO

Smilezone Foundation transforms areas (“Zones”) in health care settings to improve the lives of children facing illness, disabilities, and physical or emotional obstacles. Zones can be transformed in existing waiting rooms, treatment rooms, or custom patient care spaces. Our Zones provide interactive and inclusive possibilities to all children, sharing with them the universal sign of happiness... a smile!

WHO WE HELP

Smilezone is committed to putting smiles on kids’ faces. A Zone provides a warm, safe and accessible space for children, youth, and their families who are facing health challenges – simply, a place to enjoy just being a kid!
